

FDU-XT PLUS

Home and Office Docking Adapter

The FDU-XT PLUS is a home and office docking adapter that allows you to use satellite services on the Thuraya XT-PRO DUAL indoors. Simply connect the FDU-XT PLUS with the antennas, then dock your XT-PRO DUAL into the cradle and start enjoying satellite connectivity.

Easy to install and operate, it supports Voice, SMS, Data and Fax transmission and comes with SAT and GPS antennas to ensure seamless satellite connectivity.
